We do not care to urge those who are indifferent to taking up more land, but merely wish to say to the readers of the RECORD that others are availing themselves of this opportunity, they are filing on their additions fast, and if you want yours, get busy NOW. Don't wait till it is too late, but do it NOW.

Sirs:

The act of July 3, 1916 (Public No. 142), added a seventh section to the enlarged homestead act, to permit an additional entry for land not contiguous to the tract originally entered—after submission of proof on the original entry. It read as follows:

"That the act entitled 'An act to provide for an enlarged homestead,' approved February 19, 1909, be amended by adding thereto an additional section to be known as section 7:

We notice in our exchanges reports of good rains in many sections of N. M., and especially several "good rains" in the Kenna vicinity, all of which may be true, but upon a microscopical examination we find that the good rain in this vicinity cover about as much territory as an ordinary saddle blanket. Some nice showers have fallen in different localities but covering a narrow short strip as a rule.

LIVESTOCK

Kansas City, Monday, July 31, 1916.—A decrease of 9000 cattle last week from the previous week resulted in a rise of 25 to 40 cents all along the line. Receipts today are 20000, market 10 to 15 lower on grass beef steers, some cases more, butcher cattle, prime corn fed cattle and stockers and feeders close to steady. Owners in the pasture country are nervous, and a good many last minute orders for cars for today's market could not be supplied, hence a good run balance of the week is expected.

BEEF CATTLE

Choice Missouri corn and grass steers sold at \$10 this morning, and pretty fair corn fed steers sold down to 8.25. Kansas pasture cattle lacked quality a few selling above 8.25. Oklahoma and Kansas graded Texas steers sold at 6.00 to 7.30, and some Panhandle steers sold to killers at 7.30.

Stockers and Feeders

Shipments out last week were 11000 head, three thousand more than same week last year. A pretty strong demand was brought out, with prospects that it will increase right along. Choice light stock steers sell up to 8.50, most of the stockers under 7.25 however, feeders at 6.75 to 7.85.

HOGS

Receipts were 11000 and prices were 10 lower, eliminating at a stroke nearly all the gain made last week. Top hogs sold at 9.67½, bulk of sales 9.40 to 9.65, light weights up to 9.60.

W. B. JONES & CO.

A few days ago a man applied to us for a loan, who has lived within fifteen miles of Kenna for over a year but has kept his deposit in an eastern town where he formerly lived. We suggested that he float his loan with his Eastern bank, but he said they declined to make the loan because he had moved out of the state. We also declined making the loan because he was a stranger to us so far as his ability and integrity was concerned.

A few days later a stranger came in the bank, introduced himself stating that he was locating near Kenna and WAS going to make this his trading point, and wanted to move his bank account from his former location to this bank, and it was plain to see that he had some business judgement and meant to make the interests of the country his interests by getting acquainted at once and enhancing the value of his own property by patronizing and helping to build up the local institutions; these are the kind of men that are going to make a success because they throw in with their adopted community soul and body, and the HOME BANK, (Not the bank back East) will back them to the very limit, and in any way that is consistent with sound banking business. Come in and give us a trial, we will treat you right if we know how.
